EXPERIENCE

Front-End Developer   05/2023 – 01/2024
Coder cipher Development Team
- As a founding member of the Coder Cipher software development team, I led front-end development in collaboration with another team member for our first project, a website for a religious institution focused on Quran memorization (https://alikhlas-institute.com/).
- This project provided valuable teamwork experience and strengthened my skills in Git and GitHub.

Python contests (MASS_DESTROYER TEAM)   05/2024 – 08/2024

Ecpc (Egypt Collegiate Programming contest) (Problem Solving)

- Ranked **37th** in the first qualification round (Online), solving 7 problems.
  standing: https://icpc.global/regionals/finder/ECPCOQTeens-2025/standings
- Ranked **122nd** in the second qualification round (Onsite), solving 4 problems.
